

MERIDIAN VANGUARD SOLUTIONS, LLC

Strategy • Innovation • Execution

Veteran-Led Service-Disabled Veteran-Owned Small Business (SDVOSB) | Federal Procurement & Strategic Sourcing

“We don’t simply source products—we solve procurement challenges by building reliable partnerships between government agencies and trusted commercial suppliers.”

Company Overview

Meridian Vanguard Solutions, LLC is a veteran-led federal procurement and strategic sourcing firm dedicated to helping government agencies efficiently acquire high-quality commercial products and professional services. Through disciplined supplier management, responsive communication, and mission-focused execution, we simplify procurement while reducing acquisition risk for our government customers.

Why Meridian Vanguard Solutions

- Veteran-led leadership with experience across military, healthcare, congressional, and federal environments.
- Mission-first approach emphasizing accountability, responsiveness, and disciplined execution.
- Boutique business model delivering personalized service and direct executive involvement.
- Strategic sourcing through trusted commercial suppliers and manufacturer relationships.
- Commitment to ethical procurement, regulatory compliance, and long-term customer partnerships.

Mission

To deliver dependable procurement solutions that strengthen government operations through integrity, strategic partnerships, and disciplined execution.

Our Value

We reduce procurement complexity by connecting government agencies with dependable commercial suppliers, ensuring quality products, transparent communication, and timely delivery.

Corporate Experience

Meridian Vanguard Solutions is an emerging federal procurement firm committed to delivering responsive customer service and dependable acquisition support. While the company is actively building its corporate past performance, its leadership brings experience across military service, federal government operations, healthcare administration, and private-sector business leadership.
